The mayor, City Attorney George Filcoff jr. and Aldermen William Dallas and Mrs. Gabrielle Betinec entered the adjourned meeting 90 minutes after its start, after having con-

ferred with Granite City Steel Co. The council Monday night had cited flyash complaints and concern over the condition of vacant homes near the plant.

A motion for flat \$25 monthly pay raises for all city employees, estimated to cost \$300,000, was made by Walter Nor and was seconded by Steve B. No vote was taken.

Study Of Inland Waterway Cargo Safety Begins

Eryn S. McWaters of Houston, Tex., has been named research associate for a U. S. Coast Guard-Southern Illinois University study of handling dangerous cargoes on inland waterways. McWaters, a consulting chemical engineer and national chairman of the Marine Chemists Association, was secured by A. R. MacMillan, director of Southern's Transportation Institute, to handle Phase Two of the Coast Guard-financed project officially termed "Operation Riverside."

The federal agency allocated \$18,025 to SIU for the first two phases of the project. The first involved setting up the organization; the second calls for a survey of research now being done by public and private agencies that would contribute to the safer handling of dangerous cargoes.

McWaters, a graduate of Tulane University at New Orleans, operates the McWaters Marine Laboratory at Houston, specializing in certification of safety for vessels having carried dangerous cargoes. He expects to complete the current phase of Operation Riverside and write a report by Nov. 6.

David Martinez, a graduate student in Southern's department of design, has been named research assistant for the project and will handle electronic data processing, MacMillan said.

A bill list totaling \$11,347 approved at Monday night's Granite City council meeting, included payments of \$1650 to Matthews Chevrolet Co. for a 1963 Chevrolet Corvan panel truck for the humane officer (\$1810 less a \$160 trade-in allowance); \$1280 to A. H. Seebold Co. for work on streets; and \$1190 to Hava Auto Service for sanitation vehicle repairs.

Other payments included \$330 to Leo Kamadulski for weed cutting between July 6 and 13, Del Lampher \$299 for services at the city hall, fire department and parking meter and City Attorney George Filloff Jr. for research on two court hearings, two depositions and reimbursement, \$82.

Council members listed were Mrs. Gabrielle Bettencourt, \$22.75 for expenses of legislative committee business in Springfield June 12 and \$30 for June telephone, typist services, stationery and gasoline; G. H. Sternberg, \$18.50 for June expenses, including a flashlight, manual and paper; and William McGee, \$25.71 for four books on city government, special pollution committee transportation to St. Louis and Alton, marking ink for maps, a card file, two telephone calls to the State Sanitary Water Board and services of a rod man in surveying Willow and Aubrey avenues.

Township bills totaled \$2143 for general assistance and \$7913 for the general town fund.

A June report by Police Magistrate Andrew Gasparovic Jr. showed \$1269 fines and \$545 costs on city cases, with \$88 fines and \$116 costs on state cases.

Sewer fund balances on June 30 were listed as \$166,403 in the Nameki area sewerage fund, \$16,594 in the Nameki area construction fund, \$28,626 in the Area No. 2 sewerage fund, \$11,733 in the Area No. 3 construction fund, \$91,702 in the Nameki area sewer reserve fund, \$37,340 in the sewer extension fund and \$8947 in the special sewer construction fund.

ON WAY TO GREECE, Gene H. Sternberg Jr. is shown before his departure yesterday. He will represent the local Boy Scout council at the 11th scouting world jamboree.

Gene Sternberg Jr. Leaves For World Jamboree

Gene H. Sternberg Jr., 22, Cleveland Blvd., son of G. H. Sternberg, president of the Cahokia Mound Council, will represent the council at the eleventh world jamboree to be held at Marathon, Greece, Aug. 1 through 11.

Sternberg, an Explorer in Post 618, is chief of the Cahokia Lodge, Order of the Arrow, and for the past two years has been a member of the Camp Sunnen staff. He has been a cub scout and boy scout and has earned the Life award.

Sternberg has been selected to be the patrol leader of the Fox Patrol in his jamboree "troop," which consists of boys from Illinois, Indiana, Ohio and Kentucky. He will be one of 504 boys representing the United States at the jamboree.

He began his pre-jamboree training yesterday at Valley View Camp in Chicago — being accompanied there by his parents — and will meet the rest of the U. S. contingent at Fort Slocum, N. Y., tomorrow. The U. S. contingent will leave New York Monday, July 22, by air. The 16 troops are organized into eight tour groups. The eight will have individual itineraries but will all have done and seen the same things before returning home.

England, Italy, Switzerland. They will tour London; the Sakepess country; Warwick Castle; Gilwell Park, the home of Lord Baden Powell, who gave scouting to the world; Lucerne, Switzerland; Zurich, Switzerland; Athens and Venice, Italy; Athens, Corinth, Mycenae and Epidauros, Greece; Geneva and Lausanne, Switzerland before returning to New York via London.

Over 1200 scouts and leaders from 76 free nations will gather on the site of the historical battle of Marathon for the eleventh world jamboree.

The jamboree will be "a window on democracy" as it will be held on one of the earliest battles for democracy. It was here in 490 B.C. that 10,000

RICHARD A. BROMLEY, newly appointed chairman of the Public Employees' Division of the United Fund campaign.

Bromley Head Of UF Public Employees Group

Richard A. Bromley, director of industrial relations at Dow Metal Products Co., Madison, will head the public employees division of the 1964 Tri-Cities Area United Fund campaign. It was announced today by the campaign chairman, A. P. Steinhilber.

As chairman of the division, Bromley will enlist workers to solicit contributions from Quad-City area public service and governmental unit employees. Last year, Bromley, a vice-chairman of four UF campaigns, was vice-chairman of the public employees division. He also has been a member of the industrial employees division for two years, and in 1960 was chairman of the campaign.

Bromley is currently an instructor of industrial relations at Washington University's night school in St. Louis.

He also is a member and past president of the East Side Industrial Relations Association, an organizer and immediate past president of the SWIU Industrial Management program and treasurer of the board of directors of Christ United Presbyterian Church in St. Louis.

Bromley is a resident of Florissant, Mo.

Chapman Low Bidder On MCHA Gas Contract

Chapman Gas Transport, Inc., of East St. Louis is the apparent low bidder on 385,000 gallons of propane gas to be supplied as heating fuel for Madison County Housing Authority properties.

The firm submitted low bid of 5.47 cents per gallon. Bids were opened yesterday at MCHA offices in Madison.

Other bidders were A-1 Gas Co. of Valley Park, Mo., 5.5 cents per gallon less 10% for payment within 10 days of billing; MIRA Fuels Corp. of Arnold, Mo., 5.649 cents per gallon less 10% discount; Red-E Gas Co., St. Louis, 5.82 cents with 1/2% discount; and Alton Bottled Gas Co., 5.83 cents per gallon.

Award of the fuel contract to the low bidder is subject to approval of the Chicago office of the Public Housing Administration.

Gathering Bids Miss Granite City Farewell

Approximately 25 friends and well-wishers gathered Tuesday morning at the home of Miss Sheryl Glozik, 3709 Fair Oaks drive, to wish her good luck at the Miss Illinois contest in Aurora this week. The winner will be announced Saturday evening.

She was accompanied on the trip by Mr. and Mrs. Walter Milton. Mrs. Evelyn Morris served breakfast afterward on the patio of her home, No. 1 Terrace lane. She was assisted by Mrs. Jackie Spinks.

Mr. and Mrs. Jim Spinks will leave today for the activities in Aurora, and Mr. and Mrs. Paul Morris left Wednesday. They will return Sunday evening.

Miss Glozik is the local contestant in the Miss Illinois contest and is sponsored by the Granite City Jaycees.

Postpone Depot Picnic, New Location Is Sought

The annual Granite City Army Depot picnic scheduled for Saturday was postponed Tuesday afternoon to avoid the prospect of passing St. Louis county NAACP pickets at the Chain of Rocks Fair Park. The picketing is based on segregation of the swimming pool there. The pool is not in the part of the park that was to be used, however.

A new date and location for the picnic are to be set.

Drunk, Peace Charges

Granite City police were sent to 2457 Adams street at 11:45 p.m. Tuesday on a complaint that a person in a car was causing a disturbance. They arrested John Phillip Stanton, 27, of 2461 Adams street, who pleaded guilty to charges of being drunk and creating a disturbance. The case was under advisement by Police Magistrate Gasparovic, who set a hearing on July 31.

**'Improper'
Contract**

(Continued from Page 1.)

Rutledge, Casner Skubiah, Ford Johnson, William Dallas, William McGee, Charles Moerlein and Earl Thompson. Alderman Clyde Boyd was absent.

Voting against voiding the contract were Walter Nonn, Sam Whitmer, Steve Basarich, Mrs. Gabrielle Betine, Edmund Bartoskiak and J. D. Bergfield.

The discussion began with Sternberg stressing that he had not been contacted and had not been able to make contact with Warfield until Sunday although Warfield's initial report was given Thursday or Friday.

He said he was told Seebold bid on replacement of the manhole and General Contracting Co. bid only on repair of the manhole. Seebold specified cost-plus-15% on labor and materials and cost only on tools and equipment, while General offered to work at cost-plus-15% on labor and cost-plus-10% on materials and equipment. It was announced.

Cities Terrace Lane

Recalling the expense to the city of cost-plus work on Terrace lane, where sewer breaks occurred, Sternberg questioned the degree of emergency and the adequacy of specifications and wanted that new debt of the same scope as Terrace lane "would carry us down the drain along with the sand." He said only one bid had been obtained on the work that was needed, and asserted, "We don't know what was being bid on."

Cost-plus contracts generally show an estimate of the total expenditure and give detailed breakdowns of the rates, labor and equipment to be used, the amount of supervision and whether each phase applies to the basic cost or is absorbed in the profit, he told the council.

Approaching city projects in such a casual manner "scars me to death," Sternberg said. "I see a possible repetition of Terrace lane," he commented, adding that the city cannot afford another debt. He stressed his willingness as street committee chairman to meet on street matters, and said he is available at all times.

Mayor Davis said that during the 14 years as mayor he has relied on the street superintendent and city engineer for recommendations and will continue to do so, although willing to follow any additional procedure established by the council, such as consulting the street committee.

Would Do It Again
"I'd do it again tomorrow," the mayor said in defending his orders to obtain bids. He said the proposals remained sealed until opened by City Comptroller John Donohue. He noted responsibility to take actions that appear to be necessary in an emergency.

Sternberg said no delay would have resulted from including him in the discussion of what needed to be done.

He said the committee could have aided in achieving a more economical approach, with Davis replying, "That's your opinion and I have my own opinion."

Pay For Partial Work
City Attorney George Filioff Jr. said Seebold had a contract and would have to be paid for work performed, adding that "somebody made a 'rip to the city' in connection with the replacement work."

Warfield said his basic responsibility was to report the manhole as an emergency, since he considered it to be one. Details of how to obtain bids were left up to the mayor and Engineer Al Pearson, he told the council.

Alderman Sam Whitmer proposed that a procedure be set up, but that the Seebold contract be left intact. Alderman Charles Moerlein agreed with Sternberg that receipt of two differing bids was the same as having only one bid, and described it as a "poor contract for the city."

Alderman Steve Basarich said there were three or four opinions that it was an emergency, and only one opinion from Sternberg that it was not.

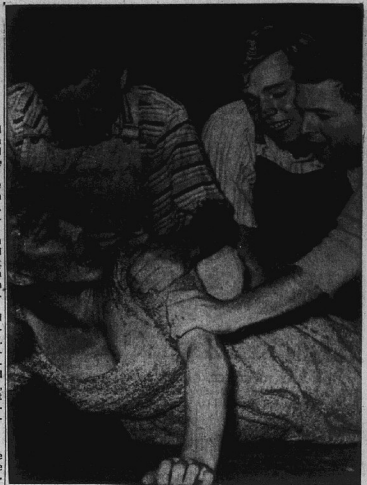

Views Of Engineer
Alderman William McGee, an engineer, said his experience enabled him to speak to some extent as an authority. After inspecting the manhole, he concluded it was "not an emergency," he related. He noted that the location is in the Sixth Ward, and he had not been notified or consulted on what should be done.

Ford Johnson, Eighth Ward alderman, said a visit by him to the manhole with Warfield took place during a discussion which the two had agreed to hold prior to the time the city avenue is in use. He defended his interest, noting that the sewer line serves the Namooki area.

Alderman Donald Partney said the committee chairman should have been informed of the development. Alderman Gabrielle Betine said the Seebold contract should be followed.

\$578,000 Sewer Deficit
Pointing out that the city sewer maintenance account was \$578,000 in the red as of June 30, Sternberg placed the blame on "poor planning and poor judgment." The Terrace lane problem "started out little, too," he asserted.

Warfield recalled repairing a break in the same sewer line

**Labor Council Renames
Reiske, Eight Others**

Unopposed nominees for nine Tri-City Trades & Labor Council offices were reelected during last night's regular meeting of the council at the Labor Temple.

Edwin J. Reiske was reelected president, Edison Phelps of Chemical Workers' Local 50 vice-president, Fred Piebanek of the Steelworkers, financial secretary, Theodore Moran of the Steelworkers treasurer, Mrs. Hilda Huzan of Cooks & Waitresses Local 461 corresponding secretary, Albert Wilson of Painters Local 120 guard, Lenie Crockrell guide, and Thomas Nesbitt and Robert McCormick trustees.

Man Fined \$50, Costs

John A. Salmon, 2000 Fifth street, East Madison, was fined \$35 and costs for speeding 70 miles an hour in a 35-mile zone and \$25 and costs for reckless driving today by Police Magistrate Gasparovic. He was arrested June 29.

That connects with Jill and Wayne, at a point 800 feet away, near the Namooki drainage ditch. He later had the Power Rodding Co. clean the line, and concluded that the manhole settlement was an emergency when the rod could not be forced through the last section near Jill, he said.

Davis objected when Sternberg attempted to speak again, finally allowing him to say that new bids could be sought and acted upon immediately.

Asserting that there "would be no limit to this job," Moerlein warned that the city would be "signing a blank check" if it allowed the existing contract to stand. Alderman Casner Skubiah suggested that a rules committee be formed to establish policies that would cover such cases.

Chairman "Can't Be Worse"
Reacting to the criticism by Sternberg, Mayor Davis said, "Maybe I'll change the rules and alley chairman. Maybe it would be better. It can't be any worse."

Partney said it was the procedure that was being condemned. He said that if other methods had been used the topic would not have come under such lengthy discussion.

The roll call followed after Sternberg was asked to give his motion again so that it could be written down. Davis then instructed Pearson to have Seebold halt the work, and Sternberg said he would be happy to meet at any time on the arrangements for new bids.

Extravagant people put everything on their backs just to create a false front.

County Zoning Repeal

(Continued from Page 1)

The next meeting of the board is set for Aug. 21.

The zoning measure was adopted by a 27-19 vote on Feb. 20, but there have been some changes in board membership since then.

About 100 spectators jammed the board meeting room, including farmers and representatives of business, labor and industry.

Other Action

In other action, the board authorized re-investment of \$198,326 in idle county revenue and \$114,152 in juvenile detention home funds into 90-day government securities.

Passed a resolution placing territory recently annexed to Granite City into Precincts 16, 20, 31 and 32, and created four additional precincts in Collinsville township, raising the total to 16 there.

Approved a recommendation made by the county zoning board of appeals, which presented 16 reports. In one, a special use permit sought by Suburbanites, Inc. was denied.

Reappointed Mrs. Ida Dant, 1715 Third street, Madison, Mrs. Irene Harrell of Edwardsville, and Walter J. Mayo of Edwardsville to three-year terms on the County Department of Welfare.

Named to the advisory board for two years were Harry Briggs, Nameoki township supervisor, and Richard Boyer, Marine township supervisor.

Awarded a contract to clean venetian blinds in the court house to the Alton Venetian Blind Co. on a second low bid of \$1379. A bid which was \$485 lower, submitted by the Dresden Venetian Blind Co. of East St. Louis, was not accepted.

Vandals Kick In Glass

Dr. Leo Roman, 3213 Colgate place, was notified by police that vandals kicked in the front door glass at his office, 1343 Nineteenth street, at 10:40 p.m. Tuesday. No attempt was made to enter his office.

Hopkins Improving

Attorney Leonard Hopkins, who has been undergoing a checkup and treatment for a heart condition this week at St. Elizabeth Hospital, is improving and expects to return home the latter part of the week.

Bicycle Breaks Window

A large plate glass window at the Tri-City Grocery Co. Store, 420 Broadway, Venice, was broken at 5 p.m. yesterday when a young boy riding a bicycle fell through it. He was not injured, and his name was not obtained.

Improper Muffler Charge

Jerry Braswell, 17, of 2705 Swan drive was arrested yesterday by Granite City police on a charge of driving with an improper muffler. He was released on \$11 cash bail pending a hearing.

Motorist Fined \$50

Gordon C. Lockwood, a soldier at the Granite City Army Depot, was fined \$50 and ordered to pay \$50 in court today by Police Magistrate Gasparovic after pleading guilty to reckless driving. He was arrested May 29.

3 Key Streets Could Be Expedited, Chairman Tells Council

A call for "leadership by the mayor and vigilance by the council" was issued at Monday night's Granite City council meeting by Alderman H. Sternberg, chairman of the city's three major street projects committee.

Urging immediate attention to widening Nameoki road and West Ponton road and paving Johnson road, Sternberg reviewed motor fuel tax balances and requirements and said it would be possible to carry out the work this year and next year.

The full review of the street program was criticized by Alderman Steve Basarich as a "sermon," and Basarich and Walter Nann of the Fifth Ward led a counterattack in which they urged acceptance of the low bid on installation of a bituminous surface, curbs and drainage along West 22nd street from Rock road to Leyden avenue and along Leyden avenue from West 22nd to Cavuga street.

A. H. Seebold's bid of \$46,332 was approved 9-7, with favorable votes cast by Nann, Cismmer, Skubish, Sam Whitmer, J. D. Bergfield, Basarich, Mrs. Gabrielle Bettine, Edmund Bartosik, Charles Moerlein and Mayor Davis.

Opposed were Paul Rutledge, Ford Johnson, William Dallas, William McGee, Sternberg, Donald Partney and Karl Thompson. Clyde Boyd was absent.

Sternberg charged that inaction on obtaining property appraisals is delaying widening of Nameoki road between Johnson and Ponton roads.

Air Pollution

During the evening, he also submitted a detailed proposal on air pollution, suggesting that a five-member study group be set up—with two or three from the council and the others from outside the council.

His stipulation that aldermanic members of the group not be employees of potential contributors to air pollution drew replies from Aldermen Sam Whitmer and William Dallas, who said they voted without regard to the effect on their employers.

Sternberg stressed that all of Johnson road could be surfaced by the city if Nameoki township agreed to allow the city to maintain a short portion currently outside the city limits. He said this has been cited as a major obstacle in past discussions, and said it need not be, adding that it would be a financial benefit to the township.

Discusses Post Office

Mrs. Bettine proposed that the city seek to acquire the present downtown post office for use of the city court and magistrate quarters.

Questioning by Alderman Whitmer brought out that City Engineer David Johnston's staff is proceeding with plans and specifications for Granite City motor fuel tax projects several years ahead, despite the fact that his contract might be terminated by the council next year.

Propose 1965 Cut Off

Mayor Leonard R. Davis agreed that this is true but noted that the council had placed the various streets on its list of work to be carried out. He told Whitmer that he does not oppose the engineering proceeding, pointing out that Johnston is the mayor's preference as engineer, but added that he would talk to Johnston about a 1965 cutoff date on current work.

On Sternberg's recommendation, the council by voice vote instructed City Attorney George Plofick Jr. to seek to enforce requirements or sanitary services on Mercer drive. The committee chairman said septic tanks were installed there at night in an apparent effort to avoid compliance.

The council decided to approve a plan by Delmar Trailways to eliminate Granite City in routes between Chicago and St. Louis. It is proposed to follow U. S. Route 66 between Hamel and East St. Louis, instead of using U. S. Route Three and Alton.

Swim, Dance Party Set Tuesday Night At Park Pavilion

A swim and dance party will be held from 8:30 p.m. to 10:30 p.m. Tuesday at the Wilson Park pool. It was announced by Walt Whitaker, pool manager.

The party will be open to anyone of 15 years and over living within the Granite City park district. Admission is 75 cents. Music will be provided by a band.

Squires Open Member Campaign; Seek Eight

The Granite City circle of Columbian Squires planned an initiation of new members to be held later this summer during a meeting Tuesday night at the Knights of Columbus hall.

The circle has set a goal of eight new members. Discussed at the meeting was a fundraising project, to be determined, and a softball practice set for yesterday at the Commonwealth field.

A physical report was presented by Allen Gasparovic, a burlesque dancer; a report by Mike Manning, a spiritual report by Mike Hill and a cultural report by Kevin Colligan. Kevin Colligan and Fred Tristichuk were in charge of discipline.

A report of the meeting was prepared by Jan Peck and Gregory Perkins. Craig Nonn, chief squire, conducted the meeting. The next meeting will be held at 7:30 p.m. Monday.

Future Students Tour University Of Illinois

David Lee Keltner, 2028 Amos avenue, and Kenneth A. Rongey, 2301 Grand avenue, who will enter the University of Illinois as freshmen in September, have visited the campus for a day of advance enrollment.

The pre-enrollment program included a meeting with an academic adviser to discuss a course of study and to arrange a class schedule for the fall. Students also met with representatives of the Dean of Students and of the particular colleges they plan to enter.

Many of the estimated 250 students who visit the campus each week are accompanied by their parents, who take part in a program designed to acquaint them with the university.

Advance enrollment and the program for parents last until Aug. 9. The schedule allows time for students and parents to make inquiries about housing, financial aids and student activities, and there is a bus tour of campus.

Roca Club Plans Car Wash, Opera Events

The Roca club made plans to hold a car wash Saturday at the Glitch service station, Nameoki and Febling roads, during a meeting Monday evening at the Moose club.

The car wash had been set for last Saturday but was rained out. The group also planned to attend a performance of "West Side Story" at the St. Louis Municipal Opera. An exact date is to be set.

Jerry Turner was appointed as chairman of the ways and means committee. The meeting was conducted by Bill Hayes, club president. A dance was held Tuesday night at the American Legion hall, and a band played. Chaperones were Mr. and Mrs. Rich and Yates and Mr. and Mrs. Hayes.

Play Money Good As Gold In Park Program Auction

More than 100 children between the ages of six and 12 have been entertained at Marshall school with an auction conducted as part of the Granite City park district's summer activities program.

All of the objects auctioned at Marshall school were brought by the children. Most of them were toys the children had tired of, ranging from books to dolls and to metal dump trucks. Each participant in the auction was given \$30 in paper play money to make bids.

Conducting the activities at Marshall were Susan Jones, a student at GCHS; Donna Hill, a 1962 graduate of the same school; Barbara Kelly, a sophomore at Southern Illinois University's Carbondale campus; and Mrs. Pat Takmajian, a teacher at Woodson school.

Mrs. Takmajian said that from 100 to 200 children have been entertained in the auction events at Marshall, depending on the weather.

3 GC Youngsters Advance To Sports Jamboree Finals

First-place finishes in sectional competition have entitled three Granite City youngsters to all-expense paid trips to the Illinois Junior Sports Jamboree at Bloomington-Normal Aug. 22-24.

The three, who were sectional champions at Cahokia, are Mike Barnhart, 880-yard run for 14-15-year-old boys; Bob Alford, 200-yard dash for 12-13 boys; and Charlotte Heiman, baseball throw for 10-11 girls.

They will join about 600 other youngsters, who were winners in 11 sectional jamborees across the state, at the state finals which will be contested on the Bloomington high school athletic field.

All expenses, including transportation, housing and meals, will be paid by the Illinois Youth Commission, which sponsors the annual sports and physical fitness program in cooperation with the Illinois Junior Chamber of Commerce.

The finalists will be housed in a new dormitory at the campus of Illinois State University at Normal, and Bloomington-Normal. The jamboree has planned a full schedule of activities for the state jamboree to supplement the jamboree. A welcome parade, recreation, sports clinics and an awards banquet at the conclusion of the three-day meet are included.

New Incubator Helps Save Life Of Infant

The Ladies Auxiliary of St. Elizabeth Hospital indirectly helped save the life of a tiny baby boy, born shortly after 4 a.m. yesterday.

Weighing two pounds, six ounces, he is the son of Navy Chief Petty Officer and Mrs. William C. Hoffman, 3005 Iowa street.

He was the first customer for the new Armstrong isotope, which was purchased by the hospital auxiliary at a cost of \$900.

The infant was in good condition, though still without a first name, when visited by a Press-Record reporter - photographer just a little more than 10 hours after he was born. The reporter had to don a medical robe and mask to be able to photograph the equipment. Taking care of the boy at the time were Mrs.

Shirley Bushue, L.P.N., and Mrs. Kathryn Rusick, R.N.

A picture also is being sent to the boy's father, who is serving aboard the aircraft carrier Independence at Guantanamo Bay, Cuba.

The new incubator, Model 190, isolates the infant in a specially air-conditioned atmosphere prescribed by the physician. Temperature, oxygen concentration, filtered air and humidity are all carefully controlled from the outside.

Even positioning of the infant is externally controlled. Four covered openings provide access to the infant without opening the hood. A clear plexiglas covering offers an unobstructed view of the child from the top and all four sides.

Double Suicide Ruled

Double suicide was the ruling of a coroner's inquest conducted Tuesday evening by Deputy Coroner Henry Pieper into the deaths of a Cottage Hills, Ill., man, Leslie Durham, and his 21-year-old stepdaughter, Miss Sandra Davis. They were found asphyxiated in a station wagon near Mitchell July 11. A hose had been extended from the vehicle's exhaust pipe through a rear door to the interior.

Retail Group Meets

The board of directors of the Associated Retailers held a brief monthly business meeting Tuesday afternoon.

Bill Creating Area Planning Body Is Signed

A bill establishing a Southwestern Illinois Metropolitan Area Planning Commission was signed Monday by Gov. Otto Kerner. It carries a \$37,800 appropriation and is intended to aid in planning for development of Madison and St. Clair counties.

Co-sponsored by Senators Paul Simon of Troy and Alan Dixon of Belleville, the law sets up a 26-member commission, which is empowered to hire a full-time director.

The commission will provide planning information for the guidance of existing planning groups and governmental agencies, and Simon said its coordination work probably will include such subjects as storm water, sewage disposal, economic growth, land use, population studies and community facilities.

The Metro-East Chambers of Commerce Association has come on record as assuring the commission of cooperation in any assistance that can be rendered in locating a director.

The Mecca group also has pledged full cooperation with Gene Graves, new executive director of the Illinois Board of Economic Development.

Federal Housing Authority approval currently is being awaited on the Colomades Nursing Home proposed for a new site on West Pontoon road, it was announced this week. State approval has been obtained.

Apply For Conservation Aid Beginning Aug. 1

M. Lee Rogers, office manager of the Madison county ASCS, has announced that sign-up for ACP assistance will begin Thursday, Aug. 1.

Due to the shortage of funds, the only practices available for assistance are: limestone, rock phosphate, insecticide and winter cover.

Rogers said ACP has been "so successful" that funds for the full sign-up are limited. Applications will be taken on a "first come—first serve" basis. He also said applications will be accepted only from producers who did not sign up in the spring, or from those not already eligible for payment under the 1963 program. This requirement is due to shortage of funds and "in the interest of fair and equal distribution of conservation practices throughout the county."

Soll tests will be required at sign-up.

Rogers also reminded producers who have completed ACP practices prior to July 31, to stop at the ASCS office in Edwardsville by Aug. 15 to complete necessary reports so payment can be made. Producers who fail to complete these necessary reports by Aug. 15 will be canceled and will receive no payment even though the practice may have been completed on the farm.

Federation Of GOP Women's Clubs Meets

Representatives of five clubs in the county met at the YMCA here Monday for the first advisory board meeting of the newly formed Madison County Federation of Republican Women's Clubs. Mrs. Vernice Wortman, president, was in charge.

Clubs from Collinsville, Troy, Edwardsville, Alton and Granite City answered the roll call. Highlights of the state federation meeting which they attended in Springfield in May were given by Mrs. Ivy Hittner, Mrs. Wilma Negel of Edwardsville, Mrs. Vera Walters, Mrs. Dorothy Raymond of Alton and Mrs. Ruth Perrine of Collinsville. Mrs. Vera Walters, president of the Alton club, extended an invitation to the group to hold the fall meeting Oct. 21 in Alton, and plans were made to attend the silver anniversary celebration of the national federation of Republican Women Sept. 11-12.

The trip is to be made in a chartered bus and further information in regard to reservations may be obtained by contacting the president. The reservations must be in by Aug. 10. Senator Barry Goldwater is to be the banquet speaker and the trip is open to anyone wishing to attend.

Other dates of interest to the group include Republican Day at the Madison county fair, July 27; St. Clair Republican picnic, July 28, in Millstadt; Carpenter rally in East Moline Aug. 4; and Republican Day at the state fair Aug. 15.

Stewardship
Is Studied By
Dorcas Class

The July meeting of the Dorcas class of First Baptist Church was held Tuesday evening at the church with Mrs. Rose Mott, president, in charge.

The meeting opened with the class hymn and the 21st Psalm, followed by the devotional service led by Mrs. Beulah Harrigan. Mrs. Iva Olive gave the stewardship lesson, "Stewardship of the Cross." The class discussed the project for the month, which will be flowers for the church in memory of the deceased teacher, Mrs. Ella Signaio.

The teacher's thought by Mrs. Effie Johnson was "Let Peace Begin With Love." After the closing prayer refreshments were served by the hostesses, Mrs. Johnson, Mrs. Ola Warren and Mrs. Marie Ray, to 17 members.

BUSINESS WOMEN PLAN MEETINGS

A membership committee meeting of the Granite City Business and Professional Women's club was held Tuesday evening in the home of Mrs. Elvera Herman, chairman, on Ames avenue.

Those attending were Mrs. Dolores Allen, Mrs. Edna M. Jones, Mrs. Pearl Ryckman and the club president, Mrs. Vernice Wortman.

A membership drive is planned for the months of August, September and October, and awards the club may earn at state and national conventions were discussed. Also under discussion were plans for a coffee break Oct. 9 during National Business Women's Week.

A business meeting of the Granite City club will be held at 7:30 p.m. Aug. 1 at the YMCA, and there will be a district patio meeting at Augustine's pool in Belleville Aug. 15. Reservations and transportation can be arranged by calling TR 7-2451.

REV. MRS. COVINGTON HONORED BY CHURCH

Rev. and Mrs. Vernon Covington of the Trinity Baptist Church of Madison have been honored with several showers. They are leaving the Madison church, as Rev. Covington has accepted a pastorate in Belleville.

A pink and blue shower was held for the young couple by members of the ladies' organization of the church. Appropriate decorations were used. On Sunday evening, the climax of the events was a fellowship hour following the evening services at the church.

Young people of the church presented the couple with a picture of Christ while the members of the church purchased a hand-made quilted taffeta bedspread as a gift to the couple.

Among those attending the evening services and fellowship hour were Rev. Covington's parents, Mr. and Mrs. Max Musgrave of Alton, Musgrave played the piano during the services.

Rev. Covington's father, Rev. Harold Covington, pastor of the East Carondelet church near DuPont, and Mrs. Covington, arrived at the Madison church immediately after their wedding services to be with the group honoring their son and daughter-in-law. Refreshments were served.

Kottmeier Ending Long Association With This Community

Fred W. Kottmeier, a civic and Stamping Co., and in 1901 leader in Granite City before the infant industry, recognizing the potential for expansion in the area, moved his family to St. Louis, where he was then sparsely populated. A resident manager of the parent across the river from St. Louis, Kottmeier City Stamping Co. moved its operations to what is now Tuesday for a meeting now Granite City.

Moved Here in 1901. Kottmeier and his new bride, Edna Margaret, daughter of John Kottmeier, a former pastor of Eden Methodist Church in St. Louis, moved to Granite City in 1901, with the plant, Kottmeier, who was born in St. Louis and had just north of Chicago, to be near lived there until the time of the move, was then employed as a carpenter at the St. Louis plant.

The Nesco plant expanded in time living in the home of his parents, which was confined to the hospital from raw materials in open for the past 10 months with a heart furnace and continuous fracture of the right hip, which was incorporated in 1906 and in while on a vacation trip with her 1927, the steel works built by son-in-law and daughter, Mr. and Nesco became the Granite City Stamping Co. Herbert C. Froese, also Steel Co.

After holding various positions with Nesco, Kottmeier became assistant manager at the time the plant was under the management of Lyle F. Guley.

Director 33 Years

A bank director for 33 years, a member of numerous civic organizations, and in his capacity as senior director Granite City, Kottmeier was until his term expires in December, president of the board of directors of this year. He was former-YMCA during the time of the construction of the First National Bank of Granite City until it merged with the First National member of two Granite City National Bank during the board of education. At that time, there was a high school house of education.

In 1901, at the age of 13, Kottmeier, a separate district in the city of Granite City, was an office boy with the St. Louis Stamping Co., then located on Madison street and Cass avenue in St. Louis.

In 1899, the stamping company of the Methodist Church for 80 years became the National Enameling, and he staunchly proud.

MRS. WHITTEN HOSTESS TO CLASS

Mrs. Bernice Whitten was hostess to the Bethany Sunday school class of the First Baptist Church in her home, 1840 Third street, Monday evening. The monthly meeting was opened with prayer by Mrs. Gertrude Ashford, followed with the class motto and scriptures in union.

The devotion was presented by Mrs. Naomi James on "God's Day Ends in the Morning." Each member responded to the roll call with favorite scripture. Reports were read by Mrs. Bernice Whitten. The meeting was closed with prayer by Mrs. Charles Veach, the class teacher.

The hostess served refreshments to Mrs. Stein, Mrs. James Jones, Mrs. Margaret Lee, Mrs. Marge Purcell, Mrs. Jewel Ratliff, Mrs. Mary Stanfill, Mrs. Vesta Williams, Mrs. Ruth Hankebrink and a guest of Mrs. McDaniels, Miss Sharon Buckles of Indiana, along with the eight members of the Ruth class.

Hymns were sung by the two classes during the meeting. Lunch was served by the Ruth class. The Phoebe class invited the Ruth class members to be its guests during its September meeting, which will be held in the Chautauque building of the Madison church.

3rd 'Music Under The Stars' Program Next Monday Night

The third program in the "Music Under the Stars" summer concert series will be presented at 8 p.m. Monday at the 27th street and Delmar avenue entrance to Wilson park.

The program will be conducted by Warren Simpkins, Granite City high school vocal music director. It is sponsored by the Granite City park district and is open to the public without charge.

The theme will be "Youth and Music" and it will feature the first appearance of the fifth and sixth grade chorus, organized this summer, and the second appearance of the junior high school chorus, organized last summer.

The program will include songs by the choruses as well as vocal, piano and dance solos.

on Koch and Mary Ann Miller and pianists Mary Zikovich and Janice Veizer. Piano accompanist for the series is Karen Brown, who graduated from Granite City high school last month.

Young Singers

Members of the fifth and sixth grade chorus are Timothy Lux, Gregory Lux, Geoffrey Lux, Tom Hollis, Barbara Hordley, Richard Lesko, Vicky Hasty, Barbara Milton, Debbie Smith, David Jesse, Fred Shelton, Debbie Osburn, Deborah Smith, David Ramsey, Vickie Allison, Janice Albers, Joanne Alberts, Bill Simpkins, Richard Duff, Beverly Grable.

8th Annual St. Mark's

Bazaar Begins Friday

The eighth annual St. Mark's Catholic Church bazaar will open at 4 p.m. tomorrow with a fish dinner and continue through Sunday evening at the church parish grounds on Sixth street, Venice.

The grounds will open at noon Saturday and Sunday. Rides and games will be provided for entertainment, with reduced prices in effect for a 2 to 3 p.m. Sunday children's matinee. Meals will be available each day.

The adult and senior high chorus will present "The Death of Vaudeville," a musical comedy. Simpkins will be musical director and Wayne Hubbard, GCIS English instructor will be the stage director.

Buddy Johnson and Don Metzger will be masters-of-ceremonies. A dance band, whose members were selected from the GCIS school band, will provide appropriate accompaniment for the musical.

Be sure to be counted when it counts—get out and vote.

Main Alton Lock Will

Be Closed For Repairs

On Monday, July 22, the main lock at Alton will be closed to all river traffic for urgent repairs to the lock gates. It is expected that the lock will be closed for about two weeks.

While it is out of operation, vessels desiring passage will be required to use the 360-foot auxiliary lock.

Tows should be arranged to navigate the auxiliary lock in a single or double lockage. Larger tows will be required to "double trip" except that triple lockages will be accepted where a switch boat is employed to stand by and be responsible for the first section. Quadruple lockages will not be accepted.

Maximum use of the full width (110 feet) of the lock should be made to reduce, insofar as possible, the number of lockages required for each tow, and responsibility with respect to passage of pleasure boats will have to be satisfied, it was explained.

Pilots and operators are being requested to cooperate with lock

OVER \$215,000 has been presented to local governmental agencies by the Granite City Housing Authority since it was created. Chairman Walter Pfaff (left) points out as he presents the latest check, \$18,480, to Mayor Leonard R. Davis (right) this week. The payment is in lieu of property taxes on the federally-owned apartments operated by the authority. It is believed that the same geographical area would produce less tax revenue as a subdivision.

EASTERN TOUR

Mr. and Mrs. Andrew Orsey and children, Robert and Dennis Orsey, 3400 Terrace lane, returned Sunday evening from a 15-day tour of eight states in which they visited Mrs. Orsey's sister, Mr. and Mrs. V. C. Veck, hurroff in Palatine, Ill. and Mr. and Mrs. Dan Pavloff in Cleveland, O.

They visited in Washington, D. C., where they met with Cong. Melvin Price, and toured the Capitol and White House. They received passes to enable them to sit in on Senate and House of Representatives sessions, and toured other points of interest in Washington, D.C.

They traveled to New York City, where they did extensive sightseeing. They were guests in New York City of Mrs. Orsey's cousins, Dr. and Mrs. Charles Phil Wilson. Mrs. Wilson will be remembered as the former Christine Bagaloff.

RETURN FROM VACATION

Miss Ramona Inez Ortiz, 1734 Poplar street, accompanied by Mr. and Mrs. W. S. Smith and children, returned to their homes after a week's vacation in Dover, Tenn. Monday morning. They visited on a farm with Mr. and Mrs. A. R. Smith and family and other relatives.

Three Vandalism Cases Reported To GC Police

Three cases of vandalism were reported to Granite City police yesterday and today.
Foster Frederick, 2428 Logan street, reported at 9:30 p.m. a rock was thrown at the front door of his auto.
Odilon Castillo, 2310 State street, reported at 10:30 p.m. that several young boys threw green tomatoes at the front of his home.
Bud's garage, 18th street and Cleveland blvd., reported at 8:10 a.m. that someone shot a hole through a plate glass window on the east side of the building.

Two Are Treated For Burns Here Yesterday

Two Granite Cityans were treated for burns suffered in separate mishaps Wednesday.
Charles Stroup, 20, son of Mr. and Mrs. Charles Stroup, 2429 Bryan avenue, was burned on the hips, both feet and left hand when he pulled a pot of hot coffee onto himself.

Also burned was Mrs. Dorothy Ely, 42, of 2224 Madison avenue when she spilled boiling water on her left lower arm and hand while taking a pot of water off a stove.

Danger Of Socialism Cited By Club Speaker

A talk entitled "The Vandalism of American" was presented to the Madison Rotary club Wednesday.
Herbert Loeh of the Union Electric Co. discussed the growth of socialism in the U. S. during the past 20 years. He told the 22-member assemblage that, because the American citizen more and more depends on the federal and state governments for economic assistance, this country is slowly drifting toward a socialistic form of government and the citizen is losing his individuality. The speaker urged strengthening the free enterprise system.

Gospel Sing Planned

The Gospel Chapel, General Baptist Church, 512 State street, Madison, will hold a gospel sing Saturday at 7:30 p.m. Rev. George Land, pastor, has announced.

Careless Driving Charged

Kenneth M. Huskey, 18, of 1704 Venice avenue, was arrested on a charge of careless driving at 1:50 a.m. today at 20th street and Madison avenue.

amount which colors the smoke from our open hearth stacks. These records show no evidence of any impairment of health from that exposure.

Actively interested
"We hope our neighbors in Granite City understand that we are not sitting on our hands about the red smoke. We are pushing our own studies and actively cooperating with steel companies in other areas in at-

tempting to find a way to over-

"In addition to the research at the Battelle Memorial Institute, the Committee on Air Pollution Abatement of the American Iron and Steel Institute has supported research programs at Harvard University's Air Cleaning Research Laboratory and the Mellon Institute in Pittsburgh.

"The control of open hearth furnace smoke presents many difficult problems and no one has as yet found an economical way to overcome them. Never before, however, has there been as much research into this subject. There is every indication that all we need is time for the development of a practical solution.

"Other steelmaking centers—Youngstown, Ohio, and Pittsburgh, for example—have agreed to allow their steel plants long periods for experiments with

controlling air pollution from oxygen steelmaking.

Oxygen Necessary To Compete
"These steel mills are in the same position as Granite City Steel. None of us could make our steel at costs low enough to remain in business if we did not use oxygen in our open hearth furnaces. This is the only way to hold our costs at a competitive level with steel from the new oxygen converter furnaces that are widespread use abroad and have been installed by a number of U. S. steel companies.

"We hope our neighbors understand that Granite City Steel is by no means the only source of smoke in the air over this community—although the size of our plant and the nature of our manufacturing processes make us the obvious target for most complaints.

"Last week, for example, it was not just our smoke but the dirty air from every source in this area that was boxed in over-

Granite City by the presence of an upper layer of cold air.

Other Sources
"Waste materials are released into the air by other industries and by commercial buildings. Home furnaces and backyard incinerators do their part.

"Research in Los Angeles, which has the nation's worst smog problem, indicates that the biggest offender of all is the automobile exhaust—and that among the hydrocarbons released by automobiles are among the most potentially dangerous substances in the air.

"Many people think control is simply a matter of buying and installing a packaged filter. If it were, the steel industry would have no problems. The fact is that this is a relatively new field with no firm answer for many problems.

produce those answers. We have already controlled the emission of smoke and other materials into the air at many of our facilities—to an extent, I believe, that is not generally known in Granite City.

"For example, virtually all the dust and gas from our blast furnaces is removed as it leaves the furnaces and does not get into the air.

"We equipped our sintering plant with three separate dust collector systems when it was built in 1958 and installed dust collectors at our steam generator plant the same year. We have also succeeded in controlling other sources of air contamination, such as acid pickling.

"We intend to keep on doing our part to further reduce the amount of smoke at our plant."

CRADLE SHOWER

A cradle shower was given for Mrs. Mary Bush by her two sisters, Mrs. Sue Karius and Mrs. Glenda Ozbun, at 1521 Garfield avenue this week. The table was decorated in pink and white. Those present were Mrs. Edith Monroe, Mrs. Veronica Monroe, Mrs. Carolyn Curtis, Mrs. Sue Karius, Mrs. William Karius sr., Mrs. Ada Shipes and daughter, Cindy, Mrs. Glenda Ozbun and daughter, Diana, Mrs. Ruth Hardesty, Mrs. Udell Meyers, Mrs. Janet Ritchie, Mrs. Tommie Patrick, Mrs. Helen Rickerts, Mrs. Gladys Myers, Mrs. Neva Lucas, Mrs. Byrdie Joiner, Mrs. Marie Monroe, Mrs. Judy Monroe, Mrs. Ethel Stuebfield and Mrs. Elvora Monroe. Games were played and prizes were won by Mrs. Helen Rickert, Mrs. Gladys Myers and Mrs. Neva Lucas. Refreshments were served and the honoree received many gifts.

Mr. and Mrs. Leo Keel and family, 4236 Division street, and Mr. and Mrs. Robert Keel and children, Elsie and Betty, have returned from a two-week vacation, visiting relatives in North Carolina, South Carolina and Tennessee.

Mrs. Lois Harp, Mrs. Jettie Lassen and Mrs. Loma Lassen spent a week visiting relatives in the Ozarks and Arkansas. They returned during the weekend.

Katherine Tripp of St. Louis visited with Mrs. Mary Hodshire, 3829 B street, for several days, returning home on Sunday.

Mr. and Mrs. Henry Jenman of Melville, Mo., were guests of Mary Hodshire over the weekend.

HOME FROM VACATION

Mr. and Mrs. C. H. Davis and family returned home Monday after a two-week vacation. They visited Mr. and Mrs. Tom Dorn in Southern Missouri and Davis' uncle, Lex Davis, in Truman, Mo. They were guests of Mrs. Rose Odom of Carlyle, Tenn., grandmother of Mrs. Davis. The last week of their vacation was spent attending revival services at the Elk Creek Baptist Church.

PARENTS OF DAUGHTER

Mr. and Mrs. Robert C. Pogue of 29th street are the parents of a daughter born July 10 at Christian Welfare Hospital, East St. Louis. She was named Teresa Jane and weighed six pounds, 11 ounces. The Pogues have two other children.

RETURN FROM VISIT

Mr. and Mrs. Bill Hildreth and son, Randy, Mr. and Mrs. Art Mathenia and daughter, Reidy, Mr. and Mrs. Keith Mathenia, Mrs. Ruth Hildreth and Mrs. Sadie Vaughn returned home Sunday after a visit at Dover, Tenn., with relatives and friends.

A group of North Granite residents attended a teenage square dancing convention over the weekend at Kentucky Dam Village. Also enjoyed were swimming and sightseeing.

Those making the trip were Mr. and Mrs. Rudy Elmore and daughters, Nancy and Debbie, Mr. and Mrs. Carl Melton and sons, Jim, Richard and Keith, Mr. and Mrs. Harold Wright and children, Gary, Phyllis, Martin and Randy, Mr. and Mrs. Denny Walton and children, Judy, Paula, Neida and Chuck, and Evelyn and Stevie McIlroy.

Suspended On Disputes

Disputes involving him which developed during off-duty hours led to the current suspension of Joseph Bardesky from the Granite City police department. It was learned this week from Eugene Ellberg, police board president. The clarifying comment related that no criminal or moral offenses were a part of the alleged conduct unbecoming an officer.

Surgery On Hand

Marshall Boner, 25, Rural Route One, whose left hand was severely injured by a tractor pulley July 11, has undergone two corrective operations at Barnes Hospital, St. Louis, where he is continuing to receive treatment. Three fingers and the back of the hand are being aided by plastic surgery.

New Members Sought

A meeting to encourage registration of new members has been called for 3 p.m. to 5 p.m. Sunday at 108 Allen street, Eagle Park Acres, by the Core organization.

Marriage License Issued

A marriage license has been issued in St. Louis to Earline L. Ridgeway of Granite City and Sammie L. Robinson of Madison. It was announced this week.

MONDAY, JULY 18, 1938

Miss Julia Pitchford, daughter of Mr. and Mrs. M. C. Pitchford, 2127 Cleveland blvd., is being featured as a vocalist with the Griff Williams orchestra at the famous Mark Hopkins Hotel, which is situated on Nob Hill in San Francisco. The hotel is regarded as the finest on the Pacific coast.

Miss Pitchford, who also is a saxophonist, was studying speech at Northwestern University when she attracted attention with her singing. She appeared with Griff Williams' dance band several times last winter at the Edgewater Beach Hotel in Chicago.

Miss Pitchford sings under the name of Julie Sherwin. The program is broadcast over a national hookup.

Mrs. Mary Ahlvers conducted Friday night's meeting of the Young People's Senior League of the Gospel Mission, sponsored by Mrs. Bethel J. Davis. Subject of her talk was "True Worship."

Among the special musical numbers rendered were "The Lord's Prayer" by Miss Opal Burnett and a play by Miss Ida Ahlvers and Lois Morgan. Thirty-five members and 19 guests attended.

Mrs. Olive Belle Stallings, Granite City librarian, returned last week from Chicago after spending a few days with her sister, Mrs. W. W. Waggoner. Her daughter, Miss Dorothy Stallings, remained for a few days longer and is expected home today.

They left Granite City July 5, accompanied by Mrs. Margaret Ford, who travels with them as far as Champaign, Ill. Mrs. Ford is visiting her brother, Dr. Edward Thompson, and Mrs. Thompson.

Members of the senior Baptist Young People's Union of the Baptist Church of Madison attended a swimming party at Wilson Park on Thursday evening. The party was given by Mrs. Chester McManaway, Miss Nora Rogers, Quillian Biss, Bill James, Miss Leora Allen, Sanford F. Brown, and Miss Deloris Layman. After swimming, a picnic lunch was enjoyed.

Several of the members of Tri-City 113 American Legion Auxiliary, visited the Granite City Thursday afternoon to entertain the veterans at the state hospital.

There were prizes at games for each of the 26 participating and, besides the usual refreshments, refreshments were served by the ladies after the games.

The local sewing class, instructed by Mrs. Leahy, 1820 State street, enjoyed a picnic at Wilson Park Thursday evening. Games were played and some of the ladies spent part of the time swimming.

Those of the class present were Mrs. Lillian Gaudin, Mrs. Gaudin, Mrs. Helen Gantcheff, Mrs. Katie Guika, Mrs. Gertrude Schirner, Mrs. Emma Young, Mrs. Mary Lewicki, Mrs. Marguerite Lanas, Mrs. Violet Guika, Lydia Nethem, Mrs. Maymarch, Mrs. Kutha, Eva Mineff, Rose Donoff, Anna Kulik and Alice and Agnes Leahy.

ACTION IS NEEDED TO CURB AIR POLLUTION

To the Editor: After many long months of inaction and many false starts, our city fathers appear to be taking some action to curb the smoke of water pollution. Of course, they had to be prodded and threatened with state action, but they appear to be moving in the right direction.

In view of the history of water pollution, I believe that it is not too soon to take steps to eliminate another health hazard, namely air pollution.

This problem is beginning to have all the ramifications of a major hazard to our health, safety, being and civic pride. Anyone who doubts this has only to turn his eyes toward the smoke stacks of Granite City Steel, belching an obnoxious and noxious blanket of sickly yellow, gray, black and various other colors of smoke.

If there is no legislation on the books curbing such desecration of the atmosphere, it is not one moment too soon to take action. Legislation, and I submit that the city council would be derelict in their duties if they did not initiate some action to stop this.

I also believe that it would not be out of order to expect a state action to stop this.

LEGISLATORS WASTED TIME, TAX MONEY

To the Editor: Before our state legislators break their arms patting themselves on the back for their record in Springfield, I would like to review what resulted there from the wasted time and tax dollars

Mr. and Mrs. William Reischer of Delmar avenue celebrated their 25th wedding anniversary Sunday afternoon and evening at a charmingly planned party at their home.

Supper was served in the evening, and beside the members of the family present at the party in City, there were several relatives from out-of-town present. Among the guests who enjoyed the celebration with them were Mrs. Reischer were Mr. and Mrs. C. E. Aulbaugh and Mrs. Paul Aulbaugh and children, of Alton, Mr. and Mrs. H. F. Butler, Mr. and Mrs. Charles Aulbaugh and children, Mr. and Mrs. Harry Allen, Mr. and Mrs. Russell West and sons, Richard and Jimmy, Mrs. Edith McCalland and Dorothy and Leland, Sam Whitmer and Miss Edith Reischer.

One of the most enjoyable of the evening was the singing of "Afternoon after the seventh birthday of Robert Davis, subject of her talk was "True Worship."

She was assisted by Mrs. Marie Ward and Mrs. Hazel Wilson. Blue and white decorations and children's games occupied the afternoon. Prizes were won by Bob Wadsworth, Dale Durbow, Clara Baczewski and Joseph Kaleta.

Those to whom refreshments were served included Lewis and Joseph Kaleta, Bobby and Marie Ward, Dale Durbow, John Jakich, Evelyn Herbert, Charlotte Werner, Leola Pierce, Rita MacCalland, Clara Baczewski and Robert Davis.

Mrs. John Taff, assisted by Mrs. G. E. Halama and Mrs. Gerald Broadway, entertained the Junior League of the Nidderingham Memorial Church Friday evening in the hall here at 2430 State street.

Mrs. George Schumacher gave the stewardship lesson, and Mrs. M. T. Brown gave the devotion. A summary of the missionary work was presented by Mrs. H. C. Johnston, instead of the regular lesson topic. Seventeen of the members were present, and they were served refreshments by the committee.

Miss Mildred J. Davis of Mitchell has been placed on the honor roll of Texas State Normal Auxiliary, Wagoner, Okla., for good work during the second semester of the 1937-38 school year.

Miss Davis ranked with the upper 15% of the student body. She is studying business administration.

Mr. and Mrs. J. J. Lahey and Mrs. Francis Leahy of Madison avenue were weekend visitors at Auburn, Ill., where they attended the funeral home in that city, conducted by Harry Willis, son-in-law of Mr. and Mrs. J. J. Lahey.

Mr. and Mrs. Oscar Randall of Vandalia, Mo., entertained guests in their home yesterday. Among the guests were Mrs. Louis Hanna of Holy Land, Rev. H. W. Crossin of Carle Place, Ill., Mr. and Mrs. Guy Miller and daughter, Maxine, Mr. and Mrs. William Maymarch, Mrs. Kutha, Eva Mineff, Rose Donoff, Anna Kulik and Alice and Agnes Leahy.

INADEQUATE CONTROL OF DOGS, AIR POLLUTION

To the Editor: As a citizen, voter, property owner and taxpayer in this city, I feel entitled to make a few comments and ask a few questions as well.

After reading the account of the incident in which a young man was involved for having "let his dog loose" on the street, I feel entitled to make a few comments and ask a few questions as well.

The results reveal that our city has been unable to influence the system for greed and power on all levels of government.

I do not let the news help themselves with tax dollars. It's the greedy help themselves to tax dollars.

It is an over-swollen government of growing costs to create and increase undesirable residents, and the city fathers are not doing enough to curb the growth of the city.

It needs strict investigations, clear restrictions and definite limitations. Unless this program is carried out, the city fathers are not doing enough to curb the growth of the city.

This last state session failed to represent the interests of the taxpayers by not putting a lid on this over-billing pot. It is shameful that the legislature punched holes in attempted action, with their fingers in the state treasury.

Until we elect men who will stand firm against waste and deficit spending and stand up against the political tactics of our city fathers, our tax dollars will not be available for the needs of our citizens.

\$312,000 A Realistic Goal For United Fund

The United Fund goal of \$312,213 is a realistic target that represents the amount of operating funds essential for continuance of key service and welfare agencies in the Quad-City. The campaign to be carried out this fall deserves the support of everyone who lives or works in the local community.

UF contributions finance health programs, scouting, teenage activities, YMCA athletic and character-building programs, aid to the retarded, family and child care, Boys' Town, mental health services, home nursing care, counseling, the Salvation Army, U.S.O., Red Cross, Catholic Charities, Protestant Welfare and other services and agencies.

Now that advance planning has been completed, emphasis can be shifted in the coming weeks to direct efforts to raise the \$312,213—minimum needed during the next year.

Each individual and family benefits, whether or not he receives direct aid. The existence of United Fund agencies makes this a better, happier place for everyone who spends all or part of his time in the Quad-City.

If everyone gives to the extent that he receives indirect as well as direct benefits, the drive will go "over the top."

Students Here Well Ahead Of Nation—And Past Years

Word that Granite City high school students are continuing to score well ahead of the national averages for their year in school—and are increasing their margin in some categories—indicates that they are eager to learn and that the curriculum is challenging in both its variety.

The achievement is particularly significant in that it represents the work of the entire tenth grade class—the entire urban-rural area of the school district—rather than just the academic progress made by the top scholars. Children who formerly attended all Granite City grade schools share in the commendation.

While it is true that the national norm can be misleading, since it includes the best and the worst, the fact that the city is well ahead of the national average in so many categories is a credit to the city's educational system, it is also true that the space age has brought a decided intensification of instruction throughout the nation. More is expected of students than ever before, in every part of the country.

By keeping ahead of the average, local schools are not only staying even with the nation and the times, but are developing an educational program of a caliber that is unprecedented at the elementary and secondary levels.

Governmental Budgets Should Be Studied Closely By Public

July, the month of summer fun—and municipal budgets.

The current month has brought with it the usual number of financial decisions affecting the operation of local governmental agencies during the new fiscal year. Several budgets are discussed in news articles elsewhere in this issue. They are important and deserve the attention of all citizens.

Appropriation ordinances unveiled each July are several steps removed from the actual collection of taxes, but they form the basic spending patterns for which tax and other revenue is obtained.

The amount of real estate and property taxes to be collected the summer of 1964, and many of the policies to be followed by Quad-City schools, cities, park districts and other taxing bodies, will be determined by the budgets adopted or given preliminary approval this month.

Then there is the man whose memory was so bad that he could not remember his memory system.

Living Beyond Means

The first nation in this hemisphere to introduce the welfare state has found that it is living beyond its means.

In Uruguay, the pastoral welfare state, with less than 3 million population and the size of North Dakota, a man can retire at 50 at full pay and a few extra thrown in.

He and his employer each paid 12 percent of his wages and the government 3 percent to make this possible. But even this was not enough.

For years, the government has been borrowing from the retirement and other social welfare funds. Employers have had to back their contributions.

JOB AND KNOWLEDGE

It is heartening to see the response of business in recognizing the close connection between the availability of jobs and the motivation of youth to learn.

Banishing of illiteracy is an all-out effort in which education, business, labor, government and citizens all have united to play a part.

The future of our youth is the future of our state. If the future of our youth is to be grim, we all suffer. In a world in which increasingly the demand for the uneducated and the unskilled declines, youth and adults who cannot read are cruelly handicapped.

All Affected: Their lot is casual, low-paid employment at best; relief or even a job for many of them only alternatives. Their tragedy is that for them, it is not a tragedy to them but affects us all.

Failure to utilize to the full, or even at all, our most precious asset—our people—is a costly waste. The waste is compounded by the mounting tax burden of the delinquency and crime that stems from poverty, ignorance and despair.

When any member of a family suffers the whole family suffers. When a large number of the youth of the family of Illinois suffers, the result is the same. As a family, by pulling together, we can assist one another to the attainment of a better life for all.

Motivation A Factor: Experience has taught us that many youth, especially those not exclusively those from impoverished circumstances, find little motivation to pursue their studies. The world of education seems too remote from the real world of work. We must bridge this gap to develop the necessary motivation for educational achievement.

The student must be made to see the vital connection between school and the job. For too many, this connection has seemed dim and unreal.

This is the reason we have sought an amendment to the program to develop literacy with a companion program to develop vocational training. The program, which has been somewhat of a model for others, developed out of and as a supplement to a Jobs for Youth Program at the YMCA in the Lawrence section of Chicago.

The Jobs for Youth Program showed us that it was difficult indeed to secure jobs for young people who were functionally illiterate. It also showed us that it was difficult to motivate them to learn simple tasks that the realistic hope or the actuality of jobs. The two factors must be out to be closely interwoven.

Costly Failure: We pay heavily for our failure to develop educational programs that will keep this kind of youth off the streets. Here, the failure of the state to educate itself to develop work-ethic and retain young people until basic educational skills have been attained.

It is not too late to do this long-run costs in unemployment, destitution and crime that far outweigh the immediate savings we now enjoy from turning them uneducated from our schools.

What we do, the most important to the unfortunate is the knowledge that they are not alone. Let us make some people who are not alone. This is a spirit that can give and does give a quality to our state that you and I cherish and hope to see grow.

GC Rotary Club Hears Home Fire Safety Talk

Fire safety in the home and around the garage was the topic of discussion at the Granite City Rotary club's Tuesday luncheon meeting, attended by 45 members.

Assistant State Fire Marshal Marvin Todder and Assistant Granite City Fire Chief Curtis Donley explained and demonstrated to club members the causes and control of fires in the home, back yard and garage. Todder pointed out that, with the large use of outdoor cooking grills and power lawnmowers, misuse of gasoline and other flammable liquids is the chief cause of home fires during summer months.

The two told members that over 75% of fires today occur in the home, mostly as the direct result of negligence. Donley said that overloading of electrical outlets and careless use of matches and cigarettes rank among the main causes of fires. Before the talk, Paul Stout, chairman of the house show advertising committee, announced that it is close to its goal. Harold Thomas, the show's ticket chairman, reported that ticket sales for the Aug. 25 event are in progress and that tickets can be purchased from any Rotary member.

QUARTER-HORSE COMPETITION will be a highlight of the annual Granite City Rotary horse show Aug. 25 at the Tri-City Speedway. This drawing illustrates one of the animal's principal uses, as a stock and ranch horse. It formerly was raced on quarter-mile long tracks.

Quarter-Horses To Be Seen At GC Horse Show

Appearing in this year's Granite City Rotary club horse show, to be held Sunday, Aug. 25, at the Tri-City Speedway near Mitchell, will be over 300 horses—many of them American quarter-horses.

For those area residents unfamiliar with the many breeds of horses that will appear in the show or the competitive events, the Rotarians plan to explain in detail the different horses and classes.

The quarter-horse, which originated on the eastern seaboard and developed in the ranch and cattle country of the southwestern U. S., received its name from the early settlers for its ability to race with tremendous speed for a quarter of a mile.

English-Spanish. The quarter-horse was known and used only by the cattlemen of the southwest who valued the horse as a stock and ranch animal. Modern horse breeders have attempted to cross the quarter-horse with the American thoroughbred, in an attempt to improve its running ability and some points of its performance and conformation. High intelligence and handiness have encouraged the use of the quarter-horse in competitive performances and as personal mounts.

20th-Medison Accident
As Virgil E. Mercer, 2024 Pontoon road, was waiting for a car to make a left turn on a green light at 20th street and Madison avenue Monday evening, the rear of his car was struck by an auto driven by Diana Filter, 3131 Rodger avenue. She was charged with following too closely.

University Student Workers Get Pay Hike

A five-cent-an-hour across-the-board increase for student workers was announced this week by Paul Isbell, director of business affairs at Southern Illinois University. The increase, effective July 1, raises the minimum pay from 80 to 85 cents.

Frank C. Adams, director of the student work program, said he anticipates that between 4000 and 4500 students will work for the University sometime during the academic year that begins this September.

He said the part-time employment makes it possible for young people with limited means to complete their college work. Jobs range from manual labor to computer programming.

The increase, totaling approximately \$50,000 for the year, will maintain the balance between basic education costs and the wages paid student workers. Adams said there is no change in the schedule for automatic increases, merit increases and promotions within the framework of the wage schedule. SIU is regarded as one of the leading universities of the nation in making maximum use of student workers in both educational and financial aid programs.

Bids Sought On Lift Station Warning Panel

The city of Granite City is seeking sealed bids until 1 p.m. Aug. 5 on furnishing and installing pressure switches for 33 sewage lift stations. The switches will signal loss of air pressure and power, enabling repairs to be made promptly in the event of pump failure.

A 16-lamp receiving panel is planned, with both audible signal and audible silencing switches. It is expected to be placed in the police station to permit 24-hour use.

Burning Candle Causes \$250 Fire in Bedroom

Granite City firemen were called to the home of John E. back, 2308 State street, at 6 a.m. Tuesday when a holy candle burning on a dresser caused a fire in a bedroom. Loss was estimated at \$250 to the contents and \$200 to the building.

Firemen from the Naticki station were sent to the home of E. W. Miller, 1560 Johnson road, at 12:05 p.m. Tuesday. Burning grease in a skillet had spread smoke through the house. There was no damage.

Outpatient Treatment For Disabled Veterans

Edward B. Akin, Administrator of the Illinois Veterans' Commission, issued a reminder today to veterans in receipt of compensation for service-connected disabilities of their entitlement to out-patient medical treatment. Hometown treatment is available where a veteran is in need of medical care for his service-connected condition.

Akin emphasized that prior authorization for such treatment must be secured, adding that many veterans may be paying unnecessary medical expenses because of lack of knowledge of their entitlement to such treatment.

Those individuals requiring treatment are being invited to contact the nearest VTC office for assistance in making application. In this country, veterans may contact the VTC office in the city hall in Granite City. It is open Monday through Friday between 8:30 a.m. and 4:30 p.m.

Steelworkers Local 30 Initiates Blood Bank

Steelworkers Local 30 has initiated a blood bank program for members and their families.

The plan will cover members wherever they may be in the United States. It is conducted through an exchange program with St. Elizabeth Hospital and hospitals throughout the country.

The hospitals exchange and transfer the blood units through for American Red Cross district offices. The local district office is in Chicago.

Sister Mary George of the hospital staff said some hospitals charge as much as \$50 per unit for blood. Local 30 has about 1500 members living within a 50-mile radius of Granite City.

Under the plan, if any member would need blood while on vacation or while visiting another part of the country, all he need do is inform the hospital there that he is a member of the plan, and then alert the union secretary or another officer. They will transfer the information to the hospital here, which will make the blood transfer through the Red Cross.

Members in need of blood are to contact Walter Schmidt, blood bank program secretary, at 2225 Edna street, or August Sacadat, 2592 Boyle avenue.

Venice Twp. Relief Costs Dip To \$3339

Foreign Student Course To Be Made Permanent

Thirty-two students from foreign lands are taking an intensive summer course in English language at Southern Illinois University. Most plan to enroll in American universities this fall and must have sufficient facilities in English to keep up with their fellow students.

Modern teaching aids are employed in the experimental, non-credit course, which sees the students work four hours a day, five days a week for eight weeks to improve their English comprehension. It is a crash program, and Robert Jacobs, coordinator of international programs at Southern, says it is working.

Students enrolled are from Mexico, El Salvador, Panama, Venezuela, Iraq, Syria, Nyasa-land, Spain, Vietnam, Thailand, Laos, Formosa, Korea and Japan. Each must be able to take lecture notes, read texts and write examinations, all in the English language, if they are to benefit from an American education.

Jacobs said the experimental course was designed to help these students. First priority in admission was given students with scholastic difficulties because of poor English; second priority to foreign students who plan to enroll at SIU; and third priority to students attending or planning to enroll at other institutions.

Teaching aids include the language laboratory, with its tape recorders and earphones. Instructors can plug into each circuit to monitor progress or make suggestions.

Daniel Cook, associate professor in English with a specialty in linguistics, is director of the program. He taught in 1961-62 at the University of Damascus in Syria, and will go to the University of Beirut in Lebanon in September.

"Each day begins with an hour and a half of classroom work, then an hour of laboratory work, and closes with another hour and a half in the classroom," Cook said. "In the laboratory we go through two tapes each day. The last tape used the day before is reviewed, and a new one is started."

With the tapes the students first hear an English sentence and then repeat the words, attempting to copy the pronunciation.

tion. Later, they progress to answering questions which test vocabulary knowledge. In every case, the tape can be played back so the student can hear his own mistakes.

The course is working out so well, the director said, that the university plans to continue this type of teaching into the academic year.

A Message From Local 4 IBEW

AFL-CIO

The TRI-CITY TRADES & LABOR COUNCIL, on July 3rd, after hearing ALL the facts concerning the labor dispute at Radio Station WGNU, VOTED TO PUT RADIO STATION WGNU ON THE DO NOT PATRONIZE LIST.

As to the "statement" by Teamsters Local 525 in the July 11th issue of the Granite City Press-Record, the following are the facts in the dispute at Station WGNU:

1) In the Spring of 1962, Local 4, IBEW was engaged in collective bargaining with Station WGNU concerning the four engineers working at the station. Such a unit of engineers is an appropriate unit as has been held by the National Labor Relations Board. Suddenly, and without notice to Local 4, IBEW and the engineers, Station WGNU lumped the engineers with other employees including the station manager and signed a recognition contract with Teamsters Local 525. The engineers immediately went out on strike and have been on strike since last year, even though members of the Teamsters have been regularly crossing an authorized AFL-CIO picket line.

2) Contrary to Teamster Local 525's "statement", Local 4, IBEW represents employees in Illinois and Missouri; and Local 4, IBEW is a member of the Tri-City Trades & Labor Council, Alton-Wood River Federation of Labor, East St. Louis Central Trades, and Belleville Trades and Labor Assembly.

The members of Local 4, IBEW urge the public in the Tri-City area to support the Tri-City Trades & Labor Council and to NOT PATRONIZE consumers listed on the Tri-City Trades & Labor Council "Do Not Patronize" List.

Training For Driver License Examiners

Six in-service training schools for downstate Driver License Examining Station personnel will be conducted during the summer months.

Each school will last two days and will be presented on Friday and Saturday so that it will be necessary to close the examining stations only one day. Secretary of State Charles Carpenter said. All personnel of the stations will attend the first day's session, while the second day will be for examiners only.

Subjects to be covered include proper information on the application blank, road test procedures, grading of drivers' performances and public relations.

The schedule calls for the schools to be held July 26 and 27 at Mount Vernon, Aug. 23 and 24 at Mattoon, Sept. 20 and 21 at Jacksonville, Sept. 27 and 28 at Kankakee, Oct. 11 and 12 at Moline and Oct. 25 and 26 at Libertyville. Later in the year, another school will be conducted for personnel of Cook county stations.

TAX FACTS

By Maurice J. Scott, Executive Secretary
Taxpayers' Federation of Illinois

An important amendment was made and approved by the Illinois Senate to House Bill 674 during the closing days of the recent legislative session, the Taxpayers' Federation of Illinois reported today.

House Bill 674, as introduced, would have made every corporate officer of a company liable for the sales and use tax of such company, if he had wilful knowledge that such taxes were collected and not turned over to the state.

In this form, the T.F.F. felt that to impose this kind of liability upon every corporate officer and agent would be punitive in nature, because it is easy to impute knowledge. In addition, the liability imposed is made forever, surviving even the two-year limitation period after dissolution of the company.

The amendment adopted in the Senate, and later concurred in by the House, makes any officer or employee of a corporation or business who has the control, supervision or responsibility of filing tax returns and making payment of the sales and use taxes imposed and collected, personally liable if he wilfully fails to file such returns or to make such payments.

Adding to such personal responsibility is an amount to include interest and penalties. The purpose of the bill is to insure collection of sales and use taxes where they have been collected, but not turned over to the state, and the company later dissolves.

As the bill was introduced, it appeared unfair and unnecessary to make every corporate officer an insurer in perpetuity of the state's sales tax liability. A person could be an officer of a corporation and know nothing of the sales tax liability of the company, because it could be handled and reported by a separate accounting firm.

All in all, the amendment seems fair and accomplishes the purpose desired. Every dollar owed the state should be collected without attaching punitive liability to every corporate officer of a company.

A Message from the Teamsters

Radio Station WGNU deserves your support as a locally owned station whose employees are all members of Teamsters Local 525 of Alton, Illinois.

About one year ago, our Union organized the employees of Radio Station WGNU and proved to the management that we represented the majority of all employees. In good faith we bargained a Contract. The Station has operated under this Contract and we are now in the process of bargaining a Contract for another year.

A Union of electrical workers from St. Louis, Missouri has been attempting to hurt the business and the employment of our members at local station WGNU. Please do not be deceived by their attempts. We do not represent these employees under force or threat and would welcome any one who thinks that they represent these people to seek an election through the National Labor Relations Board, in which we will participate.

The members of Local 525 urge you to patronize and give your listening and advertising support to Radio Station WGNU.

MENAGERIE OF WOODEN ANIMALS and a Taoist god surround the man who carved them, Albert H. Jones, an amateur Granite City wood carver, as he discusses the fine points of his hobby.

80-Lb. Buddhas Carved By Granite Cityan

Some woodcarvers carve tiny figurines and others whittle whistles, but an amateur Granite City woodcarver, Albert H. Jones, has been carving 80-pound Buddhas.

Jones, who resides with his wife, Cornelia, and his father, Charles, at 2010 Oak street, began carving Buddhas about two years ago when a restaurant owner in Jefferson City, Mo., gave him what he calls a "lucky break."

The restaurant owner, Earl Childers, had seen an earlier newspaper story and pictures of Jones and his work. Most of the wooden figures were caricatures of animals, which Jones had begun carving about two years before when he decided to take up wood carving as a serious hobby instead of mere idle whittling of willow branches.

Childers wired Jones, asking him to call Jefferson City collect. When Jones complied, he learned that Childers had been searching the country for someone to carve several Oriental figures to adorn his restaurant. He wanted two

large Buddha statues and a Siamese dancer.

Jones said he explained to Childers that he was not a professional wood carver, and that Childers was taking a gamble by letting an amateur take on such a project. But Childers decided to gamble, and Jones agreed to attempt to carve the statues. All he asked was that Childers pay for the materials and any tools or books he might need and the light bill.

Several days later, Jones received an 80-pound laminated block of Honduras mahogany, which cost \$150. "I would never have been able to experiment with the hobby on such a large scale if it hadn't been for Childers' offer," he commented.

300 Man Hours
The first Buddha was completed after about 300 man hours of work. It was a plump, seated Chinese kitchen Buddha, which bears a marked resemblance to Winston Churchill. The statue, which weighs about 60 pounds, now is displayed in the restaurant.

After receiving another block of mahogany, Jones began work on his second Buddha-like figure—a Taoist god of health, belonging to a series of Taoist gods known as Ho Tois.

The figure, which weighs about 80 pounds and is about three feet tall, does not look the part of a

god of health. It has a distended abdomen and carries a large food-filled sack over its back.

Jones completed the statue last week and has shipped it to Childers. It also required about 300 hours of work.

Jones is now in the sketching and modeling stage of his next project—a four-and-a-half-foot-high Siamese dancer. He explained that every figure, before actual carving begins, must be sketched from several angles, and several models must be made of it.

Employed as a machinist at the Visinet Mill Division of Bemis Bag Co. in St. Louis, Jones, who is 52 years old, plans to move to Cairo, Ill., upon retirement. He and his wife have a second home there. The Joneses had lived in St. Louis before moving to Granite City in June 1960.

Plans Madonna
The major project of his carving career probably will be an eight-foot high Madonna, which he plans to carve from yellow poplar when he retires.

He plans to set up a shrine in the yard of home in Cairo. But Jones, who hopes to become a professional carver in several years, says he has the most fun carving caricatures of animals and showing them to children in the neighborhood and through library displays.

Home Nursing Care Program Aided By Local United Fund

The Visiting Nurses Association is one of the many services made available to physically and financially needy persons in the Quad-City area by the local United Fund.

The association, organized in 1918 with headquarters in East St. Louis, employs a full-time staff of one director, seven registered nurses and a secretary. Its services are available to needy persons residing in the area covered by the United Funds of the Tri-Cities, East St. Louis and Belleville.

Nursing services are available to those seriously ill and in need of professional and qualified nursing care.

after the first one, must be authorized by the physician. Therapy, Rehabilitation Services offered include bedside care or treatment on an hourly basis; occupational therapy; patient rehabilitation—for patients who have suffered strokes, undergone amputations or are under treatment for cancer; speech therapy; securing of diagnosis and treatment of persons not under the care of a physician—limited to one visit; long-term observation of tubercular patients, suspected tubercular persons and persons who have been in contact with tuberculars; demonstrations in the care of the newborn; home demonstrations in the care of a patient; and maintenance of sickroom equipment on a short-term loan basis.

The cost of visiting nurses is \$4.25 an hour, a dollar more than last year's home visits, by rate. A spokesman for the

association said the increase was due to an increase in the services offered. The patient or family need not bear the whole cost of the service. A sliding scale, which takes into consideration weekly income and size of the family, is used to determine the cost to the individual.

Actual cost ranges from nothing to the full \$4.25 an hour. The United Fund makes up the difference with its allotment to the association.

A sum of \$3000 was approved Thursday by the Tri-Cities Area United Fund for the association's work in this area in 1964. The budget approved by the United Fund is the same amount that has been allotted to the association for the past four years. Last year's sum was augmented by \$1700 in fees from area cancer patients.

Visits Exceed 1300

In this area last year, the

association made 435 visits to 21 cancer patients; 467 free visits to 28 bedside nursing patients (fee paid for by the U.F.); 186 part-paid visits to 10 patients; and five paid visits to two patients.

There were 1308 visits altogether to 270 patients in the Quad-City area, compared with 1231 visits in 1961.

Along with United Fund allotments and patient fees, the Visiting Nurses Association is financed by contract service with the St. Clair County Cancer Society, St. Clair County Tuberculosis Association, the Illinois Public Aid Commission and the Pleasant View Sanatorium in St. Clair County.

The local visiting nurse is Mabel Harrison, 1553 Fourth street, Madison. She has served in this area for over 15 years.

The association currently is planning to enlarge its speech, occupational therapy and rehabilitation programs.

Peace Disturbance

Bessie Alexander, 40, of 1118 Douglas street, Venice, was charged with disturbing the peace Monday evening by Venice police. Police said she was carrying furniture from her apartment without giving notice to the landlord. She was released on a \$500 bond pending a hearing at 1 p.m. Saturday before Police Magistrate Wesley Edwards.

404 GC Students Given Speech Correction Work

A total of 404 students in the Granite City public school system received speech correction work during the 1962-63 school year, according to an annual special education department report submitted to the school board.

There were 786 more on the waiting list, as there were 1190 children in school known to require speech correction. There were four speech correction teachers.

Classification of the speech load included articulatory, 229 boys, 122 girls, total 351; phonology, four boys, two girls, total six; post-operative, cleft palate, cleft lip, two boys, one girl, total three; stuttering, nine boys, four girls, total 13; cerebral palsy, two boys, total two; delayed speech, 12 boys, two girls, total 14; hard-of-hearing, 12 boys, three girls, total 15. The program included 270 boys and 134 girls.

Five EMH Classes

Five classes for the educable mentally handicapped and trainable students were conducted during the year, with each filled to capacity in accordance with state laws. Included were a primary class, 15; intermediate class I, 15; intermediate class II, 15; junior high class, 15; trainable class, 10.

County school psychologists tested 41 students during the year and 25 were re-tested. Staff conferences were held on all students tested, and numerous conferences were held with their parents.

School Nurses

Six school nurses handled 15,999 office calls during the year, and 1223 conferences with students, 764 with parents and 2488 with faculty members. Telephone calls handled totaled 6285.

A total of 2808 students received dismissals during the year. Home calls made to students totaled 336. There were 712 students transported home and 57 to the hospital or a doctor.

Injury reports included 1208 by students and 70 by school personnel. In the vision program, 4108 students received eye tests, 312 were referred to doctors and 138 corrections were reported.

In the hearing program, 1436 students were tested, 53 were referred and 29 corrections were reported. All elementary school students received skin and scalp inspections. A thrust culture program was conducted at the high school, Coolidge and Prather junior high schools and Namoki and McKinley schools.

Skin Tests, X-Rays

In the Mantoux skin test and tuberculosis x-ray program, 2777 received skin tests at the high school and at Coolidge and Prather, and 1830 students, school personnel and parents were x-rayed.

Cpl. Hall Ends Carrier Qualification Training

Marine Lance Cpl. Larry D. Hall, son of Mr. and Mrs. Raymond W. Anubach, 3125 Willow avenue, serving with Marine Aircraft Squadron 242, Marine Aircraft Wing, has returned to Cherry Point, N. C., after completing a week of carrier qualification training aboard the aircraft carrier USS Franklin D. Roosevelt.

The unit-conducted its carrier flight training during both daylight and darkness to attain a maximum degree of overall operating efficiency. Carrier qualification training includes takeoffs, accomplished by steam catapult, and landings into the shipboard arresting gear.

handicapped program, the nurses interviewed parents and completed all health histories on referrals from the county psychologists, and they attended all staff meetings. All students were weighed and measured and the findings were recorded.

Vandals Smash Glass

Henry J. Wiles of the 574th Engineers, Army Depot, reported to Granite City police Monday afternoon that vandals broke all the windows of his auto while it was parked at Niedringhaus avenue and Walnut street. The license plates also were taken.

Man Pleads Not Guilty

Joe Zlatas, 36, of 2137 Fourteenth street, pleaded innocent Monday to charges of being drunk and creating a disturbance. He was ordered released by Police Magistrate Gasparovic pending a hearing on Saturday. He had been arrested July 15.

Price Backs Resolution On Captive Nations

Cong. Melvin Price, today urged approval of a proposal for a special House committee on captive nations held by the Soviet Union.

Joining the annual House observance of Captive Nations Week—a week set aside by presidential proclamation to acknowledge the plight of captive and satellite victims of Soviet imperialism—Price said the time had come for "another step to express our interest." The special committee he proposed is the subject of a resolution of which he is a cosponsor and which has been referred to the Committee on Rules.

In Memoriam

In memory of KATHRYN KINDER.
One year has passed since that sad day.
When one we loved was called away.
God took home—It was His will.
Within our hearts she liveth still.

Sadly missed by daughter, grandchildren and great-grandchildren.

33-7-18

In loving memory of CLARA KING, July 17, 1962.
No one knows how much we miss you.
No one knows the bitter pain we have suffered, since your memory lives.

Life has never been the same since our hearts were torn from yours.
Sincerely tender, fond and dear thoughts are yours every day.
That we do not think of you.
Sadly missed by your family.

CONTINUE STUDY
The World Federation of Second Baptist Churches met Tuesday afternoon to continue a study of Ecuador. A poster was made by the group entitled, "What Our Money Does."

Each made imprints of coins on paper with crayon. These were attached to the poster along with pictures of cars, Bibles, missionaries, schools, churches and hospitals. It was explained that the offering would be used for such purposes. The group wrote a letter to one of the missionary couples in Ecuador, and then played a game that children of Ecuador enjoy.

A circle was formed for prayer, led by Miss Evelyn Barnes. She led the children in a review of Spanish words, adding several new phrases to the list. Following a story and conversation about Ecuador, Miss Jean Anderson, assistant, led in closing prayer. Refreshments were served to the ladies, who in turn will present them to the Lessie Bates Neighborhood House in East St. Louis for use by senior citizens.

Mrs. Gladys Potillo was elected of the vice-president of the group for the ensuing year. Mrs. Rhodes was elected president for the ensuing year. Other attending were Mesdames Grace Potter's granddaughters, Mr. and Mrs. G. M. Potillo, 2250 Adams Street.

Mr. and Mrs. Wayne Foster and children, Kathy & Shelly, Kerry and Kelly, of Decatur, Ill., spent Sunday visiting Mrs. Potter's granddaughters, Mr. and Mrs. G. M. Potillo, 2250 Adams Street.

Granite City PRESS-RECORD

Thurs., July 18, 1963 Page 39
\$335,898 Balance In Granite City Treasury

Fund balances in the city treasury of Granite City totaled \$335,898 as of June 30, Comptroller John Doohan and City Treasurer E. R. Rich reported to the city council Monday night. Bank balances amounted to \$335,986, with \$20,088 listed as payable.

The \$335,898 figure represents a drop of \$50,936 from the amount on hand at the start of the 1963-64 fiscal year May 1. Receipts have totaled \$312,680 and disbursements have reached \$362,997.

Of the current total, \$15,271 is in all other accounts. Technically, there is an \$84,728 general fund deficit, since a \$100,000 anticipation warrant was obtained and is due for payment as soon as enough taxes have been collected.

The police pension fund shows a \$16,604 balance. Since May 1, disbursements in this account have included a \$15,193 transfer from a savings and loan firm into the checking account, a \$30,000 transfer from certificates of deposit to the checking account, and purchase of \$60,533 in government bonds.

JUNIOR GIRLS MEET
The Vivian Wilson Junior Girls Auxiliary met at Second Baptist Church Monday, opening prayer was given by Mrs. Wigger. Plans were made to spend Friday night at the Baptist Grounds.

Studies were made of "Ford ways" and the meeting was closed with prayer by Connie Wigger. Those present were Patricia Davis, Nancy Cook, Connie Wigger and Donna McCoy.

HERE ON LEAVE
Kenneth Davis Burnett, grandson of Mr. and Mrs. Jess Burnett, 1404 Rhodes street, is here on leave from Lackland Air Force Base, visiting his grandparents and other relatives. He will report at Riverside, Calif. on Aug. 1.

Blacksmith Shop Visit

By JOHN W. ALLEN
Southern Illinois University

An occasional person apparently comes into the world with an inborn urge to growl and wander about.

Such a one goes to go un- hurriedly along the byways with a purpose that could be expressed in the refrain of an old song that says "the bear went over the mountain to see what he could see." With the same curiosity as that ascribed to the bear, there always is something to see along the sidewalks of southern Illinois.

There are countless beasts and besties, birds, harmless snakes and toads, vegetation in endless variety, rocks, houses and barns. There is something new every foot of the way. The traveler need never be more lonely than he chooses to be, especially if he adds people and sounds.

Attracted By Sound
It was a sound not often heard now, coming from an old building at the end of a street in Waltonsburg on Route 148 in Granite City PRESS-RECORD Page 40 Thurs., July 18, 1963

Jefferson county, that caused the writer to turn aside for an enjoyable visit and an opportunity to muse over another bit of our vanishing landscape, the old-time blacksmith shop.

It was not difficult for one who as a boy frequented "Uncle" Silas Jones' shop to identify the sound.

A sharp but pleasant ring told the listener that it was made by idling strokes on the bare anvil, to keep the hammer bouncing and make the working strokes easier and more accurate. Their rapidity also indicated the speed at which the smith was working.

The sounds came, as had been expected, from a blacksmith shop operated by Thomas Adkins, who has been smithing sixty years. It is about as typical an old shop as is known in this section of the state.

Little Change
The open forge, with chimney until it is well warmed up. The wooden cooling tub beside the forge is little different from those of a century ago in which the smith, closely watching the changing colors, plunged the heated metal to be tempered. Water from this tub

once was a favorite folk remedy; just what for is not recalled. Aunt Jane Brown used it for something.

On a rack within easy reach there were about 40 sizes of tongs, often shaped for a particular job.

There were tapers, dies and bolt-heads. Various patterned hammers lay about. There were ball pen, cross pen and straight pen of different sizes. There were sledges weighing 12 or 16 pounds each, used for forging and heavy welding.

There were punches and chisels of many sizes. There were cold cuts and hot cuts, some with handles and others shaped for use in the hardy holes of the anvil.

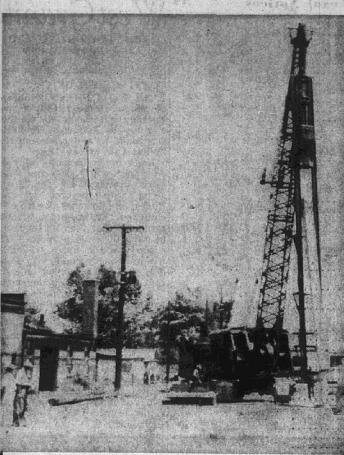

There was a mounted try-wheel used to measure and match rims and tires for wagons and buggies. There were skins and thimbles for wagon axles, and devices to shrink tires that were too large. There was a spoke shave and spokes to be fitted to hubs and felloes, with pullers to spring them into the rim holes.

There were a patterns for rounds and frogs, and a hub cross of heavy timbers to support wheels while heated tires were being shrunk to fit.

BUGZY WHEELS, HORSESHOES
There were reaches, shafts, poles, crosstrees, bows and some spare fifth wheels for buggies. There was a rack holding strap and rod iron, with some bars of steel. There was an array of tool handles, boxes and bins of bolts, rivets and screws. There was the rack with a few horse-shoes, a clinching block, clippers, leather apron, oddly shaped knives, the foot stand and hand box of the horseshoer with a few handfuls of the long tapering nails he used.

There were piles of scrap iron and steel from which selected pieces sometimes were taken for use.

Adkins has two heavy anvils, about the 175-pound class. One is a clip anvil of solid steel. The other is cast iron with steel face plate. Both are hollowed in the base. With the bottom anvil inverted, it was into these matched hollows that gunpow-

10,000 POUNDS OF FORCE will drive this 30-foot steel piling into the ground after being hoisted into position on the lot adjacent to Matthews Chevrolet Co., 1511 Niedringhaus avenue. A steam-driven hammer suspended from the boom of the crane is driving 52 of the concrete pilings into the ground for a two-story showroom to be built for the agency.

der was placed when anvils were fired at Fourth of July celebrations.

Skilled blacksmiths were valuable men, one might say indispensable, in newly-settled country. They fashioned and made tools and farm implements, even making and repairing irons. They were versatile, working in both wood and metal.

Vanishing Era
The demand for these men has practically vanished. Weld-

ing and cutting torches have superseded the forge, hammer and anvil.

Why not, while opportunity still is here, visit a typical old-time blacksmith shop and know what they were like?

There is this one in Waltonsburg, one in Mount Vernon, one in Murphysboro, one near Golconda, and a little one, a man hobby shop in Ponnoma. There doubtless are others not known.

Entries To Close For Annual County Fair

Entries in all departments of the annual Madison county fair, to be held in Lindendale Park, Highland, beginning Tuesday, July 23 and continuing through Saturday night, July 27, are being received this week.

The entries for all departments but livestock and poultry close Friday night, at which time the office at 1016 Laurel street will be closed. It will re-open on the fairgrounds Monday morning, but not to receive entries.

Persons with objects and animals to display will be competing for cash prizes totaling \$32,498, plus ribbons and trophies.

Advance requests for display space indicate that commercial exhibits will be as numerous as in previous years, when new farm machinery, appliances and commercial displays valued at more than \$500,000 were on the fairgrounds.

1750 Animals
Animals of all kinds entered for competition are expected to exceed 1750.

An educational display will be the U. S. Atomic Energy Commission's "This Atomic World" exhibit, which is presented by the Institute of Nuclear Studies, Oak Ridge, Tenn. This new and timely program features demonstrations on the beneficial applications of nuclear energy, and graphic displays explaining the uses of nuclear energy in space explorations.

Officers of the Fair Association are especially pleased with the attractions booked for this year's entertainment in the arena, as follows:
Tuesday, 2:30 p.m., Madison county 4-H horse show, admission 25 cents.
Tuesday, 8 p.m., Tex Ritter, movie cowboy and recording star.
Wednesday, 8 p.m., Jerry Murad's Harmonica and the "amazing Henneberry's."

Auto Daredevils
Thursday, 8 p.m., International Auto Daredevils thrill show.
Friday, 7:30 p.m., light and western horse show with the champion St. Louis Moolah mounted lancers and the 4-H Saddlelites drill team as added attractions.

On Saturday at 7:30 p.m., the arena schedule will close with stock car races.

Grandstand admission prices are \$1 for adults, 50 cents for children and \$1.55 for reserved box seats, each night.

Throughout the fair, afternoon and evening, fairgoers will be entertained by Otto Schultz and his German band. Midway rides also will be featured.

The county fair makes no charge for entering the grounds. There is a 50-cent charge for parking cars on adjacent land.

Hearings Set On Trailer Court, Recreation Center

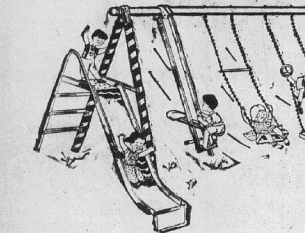

The Madison county Zoning Board of Appeals has scheduled two hearings for Friday, Aug. 2—at 10:45 a.m. on Ralph Hock's petition to rezone property from B-2 (general business district) to B-3 (highway business district); and at 11:15 a.m. on the petition of Melvin T. Pasho and Kenneth S. Hartberger to rezone property from R-5 (multiple residence district) to B-3.

Hock seeks a special use permit for a Chouteau township trailer court located on the south side of Bypass 66 west of the Sun Motel at Route 67a. Pasho and Hartberger request a special use permit for a recreation center on the north side of Bypass 66 just east of Route 67a, also in Chouteau township.

The hearings are to be conducted at the two sites.

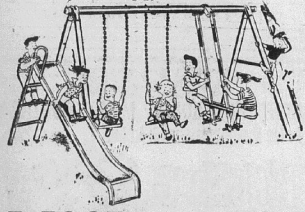

Human nature being what it is, a man's conscience is the loser when he begins to argue with it.
